Servicing of rally cars

Welcome to Rally New York USA 2007!

The best rally drivers from the United States and from abroad will compete in this exciting event. The course is 245 miles long with 94 miles of Special Stages. Rally New York USA 2007 is a round of the United States Rally Championship. It also counts toward the New York Rally Championship. We are grateful to the Government of County of Sullivan, the Town of Tusten, the Sullivan County Visitors Association, the Management of the Ten Mile River Scout Reservation, local fire departments and emergency medical services, local business and civic organizations, residents and local businesses, sponsors, law enforcement personnel, countless volunteers and amateur radio operators for their support.

What is a Stage Rally?

It is a car rally with a number of Special Stages linked together by transit sections. The rally cars are typically small sedans such as Subaru Impreza. On the Special Stages on public roads closed to civilian traffic, the rally cars start at one-minute intervals and race against the clock. On the transit sections, the rally cars drive in regular traffic and obey all traffic laws. If a competitor is observed speeding on a transit section, he is penalized and may be disqualified from the rally.
